RE: JOB WELL DONE

Dear Wayne,

I wanted to write and tell you how great your product has worked for us. As you know, a number of years ago, we utilized your application process to help prevent slips and falls. The results were as promised. A while back we started using the inexpensive "self application" method available through our Taco Bell distributor. Unfortunately the results were minor compared to those provided by your firm and as the old story goes, "you get what you pay for".

Prior to treating all our stores a few months ago I assumed the process would be similar to what we had experienced in the past. I was mistaken. Not only was the product once again outstanding, but the floors looked beautiful with no lingering residue. Thanks for cleaning the floors, and making them slip resistant.

Wayne, feel free to give out my phone number or use this letter as a testament.

Sincerely,

Bud Jenkins  
President
